

BOARD OF COUNTY COMMISSIONERS OF UNION COUNTY, FLORIDA

POSITION DESCRIPTION

EMERGENCY MEDICAL SERVICES DEPARTMENT

EMERGENCY MEDICAL TECHNICIAN

PURPOSE AND GOAL(S) FOR POSITION

The primary purpose of this position is to provide Basic Life Support Level emergency medical treatment & transport to the sick and injured. The goal of this position is to perform high quality assessments of the sick and injured, to determine most appropriate course of medical treatment based upon that assessment, to provide the determined course of treatment to the sick and injured in the most efficient, beneficial, and professional manner while on-scene or during ambulance transport to a receiving medical facility.

MAJOR PERFORMANCE RESPONSIBILITIES

1. Maintain all medical response equipment, supplies, and medication at a high state of readiness at all times.
2. Respond safely and appropriately to emergency scenes when requested.
3. Initiate, complete, and re-assess scene size up for initial and on-going hazards.
4. Perform appropriate patient assessments as determined by the patient's chief complaint and type of emergency scene.
5. Appropriately interpret patient assessment findings to determine course of treatment / intervention
6. Provide assessment-based treatment(s) / intervention(s) to improve patient condition(s) and to reduce mortality / morbidity
7. Determine most appropriate transport destination and safely initiate patient transport.
8. Maintain continuity of appropriate treatment / intervention throughout duration of transport
9. Provide pre-arrival patient status & patient care report via on-board radio to receiving hospital
10. Provide a patient hand-off report to nursing staff / physician(s) accepting or assuming patient care
11. Leave behind an abbreviated field patient care report at the time of patient hand-off to include all known patient information, treatments / interventions provided during transport, patient's response to treatments / interventions during transport, and all / any known patient medical history.
12. Decontaminate all equipment and assigned vehicle components, re-stock all used medical supplies, and assure that the assigned response vehicle is restored to the highest state of readiness.
13. Complete a detailed, accurate, and full patient care report for each patient encounter within 24 hours of the time of dispatch.

14. Regularly attend & actively participate in continuing / educational in-service training.
15. Regularly attend & actively participate in Quality Assurance Sessions.
16. *Maintain a professional demeanor and professional appearance during all assigned duty periods.
17. *Actively participate in various daily activities including the performance of station duties, territory familiarization, personnel training, and professional development.
18. *Perform other duties as needed and / or as assigned
